

## Florida Prepaid: Q&A Session

### *How does FL Prepaid work at the University of Florida?*

- UF downloads a file from FL Prepaid & the information is linked through the student's Social Security Number. Therefore, the University Bursar does **NOT** need your FL Prepaid card.
- Once the student is registered for classes, FL Prepaid will automatically be applied towards the tuition amount. If changes are made to the course schedule by the end of the drop/add period, FL Prepaid will automatically recalculate the tuition costs.
- Students can view the amount billed to FL Prepaid by looking at their "Tuition Statement" at **ONE.UF**, Select the **Campus Finances (Bursar)** card > **View Account Summary** > **Tuition Statement**. There will be a "Billed to Sponsor" towards the bottom of the statement, which is the amount being billed to FL Prepaid.

### *Why is FL Prepaid not applied?*

- There are a few reasons that FL Prepaid may not be applied:
  - A hold could be placed on the account with FL Prepaid
  - The FL Prepaid account could be delinquent
  - The SSN on file at UF or at FL Prepaid may not match
  - The enrollment (matriculation) year could be incorrect
  - The student chose to opt out

### *Does FL Prepaid cover 100% of Tuition?*

- There is no Florida Prepaid Plan that covers 100% tuition and fees per credit hour amount
- Below is a list of fees that are not covered by any of the FL Prepaid plans:
  1. Transportation Access Fee (Campus Fee) {built into the tuition rate}
  2. Technology Fee {built into the tuition rate}
  3. Test Fees
  4. Material & Supply Fees
  5. Distance Learning Fees for online classes
  6. Equipment Use Fees
  7. Repeat Surcharge {same course taken 3+ times}
  8. Excess Hour Surcharge {student exceeds maximum hours to graduate}

### *What are the different types of FL Prepaid Plans & what does it cover?*

- **Tuition Only:** This plan covers the tuition component **ONLY**; the student is responsible for paying the local fees & any other fees assessed by certain classes.  
**\$117.08 per credit hour will be paid by FL Prepaid**
- **Tuition & Local Fees:** This plan covers the tuition component, as well as local fees except the technology fee and transportation fee  
**\$153.85 per credit hour will be paid by FL Prepaid**
- **Tuition & Differential:** This plan was only available after 2007. This plan covers the tuition component and the tuition differential component. The tuition differential was implemented after 2007 by the State Legislature  
**\$161.25 per credit hour will be paid by FL Prepaid**
- **Tuition, Differential & Local Fees (“Bundle”):** This plan covers the tuition component, the differential component and the local fees except the technology fee and transportation fee  
**\$198.02 per credit hour will be paid by FL Prepaid**

Note: The amount billed to FL Prepaid ranges from \$117.08 to \$198.02 per credit hour and depends on the type of plan purchased as well as the year it was purchased. Please contact FL Prepaid or our office to determine your plan.

### *What if I do not want FL Prepaid billed?*

- Students can choose to decline the use of their FL Prepaid plan for any given semester. For **Fall & Spring** semesters, the “opt out” option must be completed prior to fee payment deadline. The online opt out option is not available on fee payment deadline day; therefore, students choosing to opt out on the deadline day or those who need to cancel an online selection must contact the University Bursar. To opt out online, the student will log in to their **ONE.UF** account and select the following:  
**View Account Summary > Opt out of FL Prepaid**
- To opt out of the Summer semester, the student will need to come in person or email us by visiting [www.fa.ufl.edu/bursar/](http://www.fa.ufl.edu/bursar/) & click on “Ask Bursar Help” prior to Tuition & Fee Payment Deadline.

### *How does FL Prepaid work with other Scholarships?*

- FL Prepaid will be applied to the tuition first, then the other scholarships will be disbursed after the established Drop/Add date. For questions regarding Bright Futures or any other scholarships, please contact Student Financial Affairs at the number below.

### *Is there any other helpful information?*

- We realize this is an exciting, but overwhelming time for you and your student. Here are some tips to help ease your mind:
  - Encourage your student to enroll in Direct Deposit to receive refunds faster

- Encourage your student to fill out a Financial Information Release on their ONE.UF. The individuals listed on this electronic form will be able to inquire about the student's financial account details.

## FLORIDA PREPAID TUITION PLAN INFORMATION

At the University of Florida, Florida Prepaid is administered by the Third Party Contracts Department in the University Bursar's Office. The University Bursar's Office is open from 8:30am-4:00pm, Monday through Friday. Below are the procedures for processing Florida Prepaid:

- We will automatically defer the maximum amount that can be invoiced. Participants must be in good standing with Florida Prepaid. *Please note: You are not required to notify the University Bursar's Office that you want to use your plan.*
- All remaining fees not covered by your FL Prepaid Plan will be due by your payment deadline. Students can check their charges due on ONE.UF and select the Campus Finances (Bursar) card then View Account Summary > Charges Due.

Please be aware of payment deadlines. Failure to pay your remaining balance by the time specified will result in a \$100.00 late fee, a financial hold and/or may result in cancellation of your courses.
