## INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Florida Health Professions Association, Inc.  
Gainesville, Florida

### Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Florida Health Professions Association, Inc. (the Association), a component unit of the University of Florida, as of and for the years ended June 30, 2020 and 2019, and the related notes to the financial statements, which collectively comprise the Association's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## INDEPENDENT AUDITOR'S REPORT

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the business-type activities of the Association as of June 30, 2020 and 2019, and the changes in its net position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

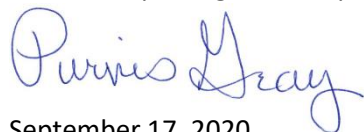

### Other Matter

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 17, 2020, on our consideration of the Association's internal control over financial reporting, and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
YEAR ENDED JUNE 30, 2020**

This section of the Florida Health Professions Association, Inc.'s (the Association) annual report presents management's discussion and analysis of the Association's financial performance during the fiscal year ended June 30, 2020. The discussion and analysis of the Association's financial statements provides an overview of its financial activities for the year ended June 30, 2020. This discussion has been prepared by management along with the financial statements and related footnote disclosures and should be read in conjunction with, and is qualified in its entirety by, the financial statements and footnotes. The financial statements, footnotes, and this discussion are the responsibility of management.

While maintaining its financial health is crucial to the long-term viability of the Association, the primary mission of the Association is to bill and collect clinical professional fees to fund the educational, clinical, and research missions of the College of Public Health and Health Professions and the College of Public Health and Health Professions' and College of Medicine's Integrated Programs (the College) of the University of Florida (the University). Therefore, net position is accumulated only as required to ensure that there are sufficient reserve funds for future operations and implementation of new programs of the College.

**USING THIS ANNUAL REPORT**

This annual report consists of a series of financial statements, prepared in accordance with the Governmental Accounting Standards Board in Statement No. 35, *Basic Financial Statements—and Management's Discussion and Analysis—for Public Colleges and Universities*. These statements use the accrual basis of accounting.

The financial statements include the Statements of Net Position and the Statements of Revenues, Expenses, and Changes in Net Position, which present the financial position and activities of the Association, respectively. The Statements of Cash Flows provide information regarding cash received from and used in the activities of the Association. The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in the financial statements.

**NOTES TO FINANCIAL STATEMENTS**  
**FLORIDA HEALTH PROFESSIONS ASSOCIATION, INC.**  
**GAINESVILLE, FLORIDA**

**Note 1 - Summary of Significant Accounting Policies**

**Reporting Entity**

The Florida Health Professions Association, Inc. (the Association) is a not-for-profit corporation formed by the faculty at the University of Florida College of Health Professions in May 1998, but was not activated until the year ended June 30, 2000. The College of Health Professions changed its name to College of Public Health and Health Professions in fiscal year 2004. The Association has been organized to perform billing and collection of professional fees associated with the practice of health-related professions at the University of Florida College of Public Health and Health Professions (the College). The Association was formed primarily for clinical, scientific, and educational purposes in support of the University of Florida Health Science Center and its associated programs. The Association transfers funds to the University of Florida in the furtherance of its above-stated purpose. The Association is an affiliated organization component unit of the University of Florida (the University).

**Basis of Accounting**

The accompanying financial statements are reported on the accrual basis of accounting. These financial statements are entirely those of the Association alone and, accordingly, are not intended to present the financial position or the results of operations of the University. The Association was determined to be “governmental” under guidance provided by the Governmental Accounting Standards Board (GASB) Statement No. 29.

Under GASB Statement No. 35, for financial reporting purposes, the Association is considered a special purpose government engaged only in business-type activities.

**Classification of Revenues**

The Association classifies its revenues as operating or non-operating according to the following criteria:

- **Operating Revenues**  
Include activities that have the characteristics of exchange transactions, such as clinical revenue.
- **Non-Operating Revenues**  
Include activities that have characteristics of non-exchange transactions, such as investment income. The Association currently has no non-operating revenues.

**Net Position**

The Association’s net position is classified as follows:

- **Unrestricted**  
Represents net position that is not restricted for any purpose and available for current operations. All of the Association’s net position is unrestricted.

**Cash and Cash Equivalents**

The Association considers all highly liquid investments, with maturities of three months or less when purchased, to be cash and cash equivalents. Included in the Association’s cash and cash equivalents are amounts on deposit with commercial banks.

**NOTES TO FINANCIAL STATEMENTS**  
**FLORIDA HEALTH PROFESSIONS ASSOCIATION, INC.**  
**GAINESVILLE, FLORIDA**

**Accounts Receivable**

Accounts receivable are reported net of an allowance for doubtful accounts and allowance for contractual adjustments. The allowance for doubtful accounts is established by charges to income through the provision for uncollectible accounts. The allowance is based on experience and other circumstances which may affect the ability of clients to meet their obligations. It is the Association's policy to write-off uncollectible accounts when there is no reasonable expectation of payment.

**Revenues**

Revenues are derived principally from professional fees charged to patients of faculty members. Net professional revenues are recorded on the accrual basis of accounting at the estimated net realizable amounts from patients, third party payers, and others for services rendered. Non-exempt revenues represent professional fees billed and collected by the Association's Clinical Health Psychology (CHP) Clinic. Exempt revenues are other professional fees billed and collected by the individual departments within the College. A substantial portion of exempt revenues is earned through contracts with various agencies, whereby the agency pays for the services rendered under the contract, not to exceed predetermined contract amounts.

**Use of Estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

**Concentration of Credit Risk**

Substantially all of the Association's receivables are unsecured and a significant portion of the Association's revenues are subject to contractual arrangements with third parties. Significant changes to the provisions of those contracts could have a material effect on the Association's profitability.

**Donated Services**

The Association occupies space at the University and is assisted by employees of the University. Since there is no clearly measurable basis to value these contributed services, the value of such services is not recorded in the accompanying financial statements.

**Income Taxes**

The Association is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code.

It is the policy of management to evaluate its tax positions on an ongoing basis and to disclose any such positions it believes would have a material impact on the financial statements and related notes. Management believes that no such required disclosures exist.

The Association is subject to U.S. federal or state income tax examinations for the previous three years. If applicable, the Association would recognize interest accrued related to unrecognized tax benefits in interest expense and penalties in operating expense.

**NOTES TO FINANCIAL STATEMENTS**  
**FLORIDA HEALTH PROFESSIONS ASSOCIATION, INC.**  
**GAINESVILLE, FLORIDA**

**Note 2 - Deposits**

The Association's cash deposits are insured up to \$250,000 by the Federal Deposit Insurance Corporation (FDIC). Deposits in excess of FDIC coverage are held in a bank that qualifies as a public depository under the *Florida Security for Public Deposits Act* (the Act). Under the Act, all qualified public depositories are required to pledge eligible collateral having a market value equal to or greater than the average daily or monthly balance of all public deposits, times the depository's collateral pledged level. The pledging level may range from 25% to 125% depending upon the depository's financial condition and establishment period. All collateral must be deposited with an approved financial institution. In the event of default by a qualified public depository, all claims for public deposits would be satisfied by the State Treasurer from the proceeds of federal deposit insurance, pledged collateral of the public depository in default and, if necessary, a pro rata assessment to the other qualified public depositories in the collateral pool. Therefore, all cash and time deposits held by banks are fully insured and collateralized.

**Note 3 - Accounts Receivable**

Accounts receivable are shown net of the following allowances for doubtful accounts and contractual adjustments:

	<b>2020</b>	
	<b>Exempt</b>	<b>Non-Exempt</b>
<b>Accounts Receivable</b>	\$ 79,072	\$ 1,756,120

**NOTES TO FINANCIAL STATEMENTS**  
**FLORIDA HEALTH PROFESSIONS ASSOCIATION, INC.**  
**GAINESVILLE, FLORIDA**

**Note 4 - Due from University of Florida Strategic Fund**

The Association entered into an agreement with the University of Florida in which the Association deposits its excess cash and investments into the University's Strategic Fund for the University to manage and invest for the benefit of the Strategic Fund. All earnings, losses, and associated investment management fees are retained by the University. The University intends to repay the amounts deposited to the Association; therefore, the Association recorded a due from the University's Strategic Fund of \$150,000 as of June 30, 2020 and 2019. Any withdrawal of monies under \$10 million have same day accessibility, while withdrawals over \$10 million require written notice of at least two working days.

**Note 5 - Risk Management**

The Association is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; and tenants' legal liability, for which the University carries insurance.

The University of Florida Self-Insurance Program and the University of Florida Healthcare Education Insurance Company (HEIC) provide general and professional liability protection for the University of Florida Board of Trustees on behalf of the six health colleges of the J. Hillis Miller Health Science Center, which includes the Association.

**Note 6 - Funding and Service Fees**

The Association and its related organizations receive Medicare, Medicaid, and service fees funds. These funds are subject to audits by the providers or their representatives. The audits of these programs have not yet been accepted/approved by the providers or their representatives. Accordingly, the final determination of compliance with applicable federal and state programs will be established at a future date. The allowance for doubtful accounts, as described in Note 3, includes a provision for Medicare or Medicaid billings which may be disallowed.

**Note 7 - Related-Party Transactions**

During the year ended June 30, 2020, the Association recorded \$983,608 of revenue from Shands Hospital relating to service contracts, of which \$42,061 is included in accounts receivable at June 30, 2020. During the year ended June 30, 2019, the Association recorded \$693,044 of revenue from Shands Hospital relating to service contracts, of which \$4,266 is included in accounts receivable at June 30, 2019.

In addition, the Association transferred \$4,413,627 and \$4,269,378 to the University during the years ended June 30, 2020 and 2019, respectively.

**Note 8 - COVID-19**

On March 17, 2020, the Speech Development/Reading Lab closed due to COVID-19. At the time, 16 evaluations and 72 therapy sessions were cancelled for the remainder of March and April 2020. There was no rescheduling of those appointments due to COVID-19 and the lab remained closed through the end of the 2019-2020 fiscal year. The closure resulted in an estimated loss of revenue of \$16,800 in FY2020.

Starting the new fiscal year July 1, 2020, the Speech Development/Reading Lab remains closed with a goal to re-open the lab in January 2021. It is currently estimated that the total loss of revenue due to COVID-19 will be \$20,614 from July 2020 through December 2020.

SmartDriver services closed due to COVID-19 on March 12, 2020 and reopened for services on June 30, 2020, resulting in a loss of at least \$7,000. Since re-opening it has only been able to provide services two days per week which has limited the amount of revenue that can be recouped in the first quarter of FY21.

The CHP clinic was able transition many of their therapy services to the telehealth platform, mitigating the financial impact of the pandemic. This allowed the clinic to maintain fourth quarter FY20 visits at a rate of 92% of the fourth quarter FY19. Testing services, which generate higher revenues took longer to adapt to the telehealth platform, resulting in a modest decrease in revenues from March to May 2020.

The CHP Clinic resumed face-to-face care in late June of 2020; however, telehealth reimbursement has remained strong throughout the first quarter of FY21 allowing the clinic to continue to minimize patient and provider risk with approximately 77% of patient visits continuing through telehealth. This has also enabled the clinic to expand its catchment to the entire state by allowing it to continue services to patients who leave Gainesville. If payers return to pre-COVID coverage limits for telehealth visits, the clinic is prepared to return to prior practice models while maintaining revenue targets. It is anticipated, however, that while payers may begin to constrain some aspects of telehealth coverage, they will not likely return to pre-COVID levels.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors  
Florida Health Professions Association, Inc.  
Gainesville, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Florida Health Professions Association, Inc. (the Association), a component unit of the University of Florida, for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Association's basic financial statements, and have issued our report thereon dated September 17, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Association's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN  
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Association's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Association's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
