

## Calculator to Assist with your Distributions

Use this calculator to assist with distribution calculations.

It is important to note that this only applies when there are no mid-pay period changes to the DBT.

Enter the Amount you wish to calculate:

Enter percentages in the yellow fields only. The results provided are the dollar amounts for the distribution.

<b>Percentage Calculator</b>		
<b>Total Cost Calculation by Percentage</b>		
Combination Code 1		\$ -
Combination Code 2		\$ -
Combination Code 3		\$ -
Combination Code 4		\$ -
Combination Code 5		\$ -
Combination Code 6		\$ -
Combination Code 7		\$ -
Combination Code 8		\$ -
Combination Code 9		\$ -
<b>Totals</b>	<b>0.000%</b>	<b>-</b>
Difference	100.000%	\$0.00

Please keep in mind, here at UF, we distribute by percentages not by amounts. So if an employee's wages change, or there is an Additional Pay without an Earnings Code in the Distribution Table the results of these calculations may be inaccurate.

Enter dollar amounts in the yellow fields. The results provided are the percentages for the distribution.
