Frequently Asked Questions

- Does the iPhone/iPad need to be a UF owned device?
No. You can use your personal device without triggering a security or compliance issue.
- Can a Wisepad be connected to multiple iPhone/iPads at the same time?
No. The Wisepad pairs only to one device at a time. You can disconnect the Wisepad and connect it to a different device quickly.
- Can my iPhone/iPad be connected to multiple Wisepads?
You can only connect one Wisepad to one iPhone/iPad at a time. You can disconnect the devices and pair them to another device if needed.
- Can the iPhone/iPad be connected to Wi-Fi?
Yes, without running into a security or compliance issue.
- Can the iPhone/iPad operate alternatively over cellular connectivity?
Yes.
- Can you print out customer receipts?
No. This solution only permits you to email the receipt to the customer if requested.
- Does the Wisepad accept signature authorizations?
No. The customer can be prompted to sign the iPhone/iPad or you can bypass the signature authorization.
- How do I pair the Wisepad with my iPhone/iPad? Is it complicated?
The set up takes just a moment's time, and we will gladly walk you through the process. We can also provide a user's manual for your convenience.
