

Wisepad 3.0 P2PE Credit Card Loaner Program

- Bluefin P2PE Fees: \$0.15/transaction
- Elavon processing fees: \$0.075/transaction.
- Interchange plus Visa/MasterCard Assessments
- Works as card present (face to face) and card not present transactions (key entry)
- Wisepad connects to the internet via an iOS device (iPhone/iPad) via Bluetooth. Does not work with Android.
- Accepts EMV cards (chip cards), NFC (Apple Pay, Google Pay, etc.)

BBPOS WisePad 3

Other Considerations

- Apple iOS device does not need to be a UF device. A personal device can be used without presenting a security or compliance issue.
- Cellular or Wi-Fi can be used on the iOS device for the internet connection.
- Wisepad does not print receipts. Receipts are provided via email.
- The Wisepad does not facilitate signature authorizations. The customer can use the iOS device to sign. Signature authorizations are not required.
