Topic Overview

1. Review & discuss the Cost Analysis Overview.
2. Learners post questions and responses in the chat.
3. Define the purpose of the activities.
4. Learners will figure out the activity answers in a small group.

Who we are?

Cost Analysis assists UF departments regarding compliance with Federal, State, and Sponsoring Agency rules and regulations. Areas include:
- Effort Reporting
- MyUFL Entry of Sponsored Commitments
- Space Reporting
- Development of F&A rate data
- Research Participant Payments
Why Learn Effort?

- Payroll distributions, Academic Activity Reporting, Sponsored Research, and Human Resource functions all have an effect on creating an accurate effort report.
- Effort certification is typically a major focus of audits:
  - Because University employees do not fill out time sheets, effort certification confirms payroll charged to projects on sponsored grants.
  - Accurate certification of effort minimizes risk and protects the University from fines and other adverse ramifications.

What are our outcomes, today?

To make connections:
- We are an integral part of the effort reporting process.
- Know how your role contributes and interacts with effort reporting.
- Feel confident in where to go to get your questions answered and who to contact for assistance.
Key Terms

Effort
• The proportion of time spent on any activity and expressed as a percentage of the total professional activity for which an individual is compensated by Institutional Base Salary. Total effort for an employee must equal 100%.

Institutional Base Salary
• The base annual compensation set by the University for an employee. It includes salary increments, augmentations and paid overtime. It does not include non-service payroll items such as awards, overload payments, bonuses or other incentive payments.

Committed Effort
• The amount or percentage of time a university employee has agreed to work on a specific sponsored project.

Key Terms

Cost Sharing
• The portion of the total costs of a sponsored project that is not borne by the sponsor.

Mandatory Cost Sharing
• Cost sharing that is required by the sponsor as a condition for proposal submission and award acceptance.

Voluntary Committed Cost Sharing
• Cost sharing not required by the sponsor as a condition of proposal submission, but proposed in the sponsored project budget or budget justification. Once offered by the institution and agreed to by the sponsor, this becomes an obligation that the institution must fulfill.

Voluntary Uncommitted Cost Sharing
• Cost sharing that is not in the proposal or award that is voluntarily contributed to the project. There is no requirement to track such cost sharing in relation to the project.
What is an Effort Report?

A representation of an employee’s time spent each academic term for which they are compensated by the University.

Post in CHAT

• Is effort is based on a 40-hour work week? Why or why not?
• What must the effort total be equal to?
• Can effort be saved from one term to another? Why or why not?

Who Certifies Effort?

All faculty members

Anyone teaching a course

Anyone working on a grant
Why Certify Effort?

• Federal control requirements pertaining to payroll charged to sponsors
  • Payroll charges are the largest sponsored program costs and Effort confirms these charges
  • 2CFR200.430
• Report the cost of teaching a course to the state
• Tracking tenure

How Does Effort Receive Information?

HR Job Data

Cost Analysis Fiscal Onboarding Handout Jan2023
Instructional Activity

Academic Activity Reporting

• Courses must be allocated in the Academic Activities Reporting (AAR) System before they will show up in Effort
  • Course must be marked as complete for the term

• Identify Course Instructor(s)

• Allocate Contact Hours
  • As defined by the Florida Board of Governors, a contact hour is a standard one-hour (at least 50 minutes) classroom period

• Committee assignments are imported into the AAR system from GIMS
Academic Activity Reporting

• Who can help me update the AAR system?

• Institutional Planning and Research
  • (352) 392-0456
  • Ulrich Adegbola

• AAR coordinators from all colleges and departments

Role Authorization by Role Name aa058d659.xlsx (ufl.edu)
Post in CHAT

- FOR4090C was not on the faculty member’s FAR. How do you determine if they taught the course?
- What steps should be taken if they did not teach the course?

Payroll Distributions
Payroll with Effort

• Payroll on a project is distributed based on the expected level of effort
• Effort reports will show where salary was charged as well as where commitments were made on sponsored programs

Post in CHAT

How does the expected level of effort get communicated to the payroll person in your department?

Payroll

• You MUST have entered a combo code to charge to for the entire fiscal year
• You CANNOT enter a distribution to a grant past the date the grant ends
• If you have a person who should be paid on a grant for five years, you can’t put the whole five years on the payroll distribution. You must renew the distribution percentage and combo code with the change of each fiscal year
Payroll

Detail View

Payroll Scenario

It’s July 1, 2023 and time to set-up Dr. Poole’s institutional base salary (IBS) distributions for FY23/24.

Dr. Poole is a 12 month faculty member with IBS of $200,000. If not on a grant, he is paid 100% from state funding (for teaching, service and departmental research). Dr. Poole has 2 awards.

- Gene Award 2024, federal grant for the time period of 7/1/22 to 6/30/2024 committed at 50% effort.
- Microbes Award 2026, federal grant for the time period of 7/1/22 to 6/30/2026, committed at 20% effort.

In June Dr. Poole completed his Faculty Assignment Report (FAR) showing what he is planning to work on. For Fall 2023, he will teach one 3-credit hour course (25% of his UF effort), do some departmental research and serve on 2 UF committees and 1 department committee (5% of his UF effort) and the rest of his effort will be on sponsored programs.

*Complete how the payroll distributions would look in this case for FY2024.*

Payroll Scenario

Using the information in the scenario determine:

- What percentages of Dr. Poole’s effort will be spent on each award, on teaching and on department research for the entire FY?
- What if the commitment for Gene Award was 75% not 50%? What do you do?
- What if Dr. Poole was assigned to be the interim department chair? How would that affect payroll distributions?

Committed Effort

Entering Effort Commitments

- DSP and C&G reviews the award and final submitted budget against UFIRST
- Cost Analysis does a Quality Assurance review of this documentation and enters the data into myUFL based on this confirmation
- New commitment entries are reflected in the effort module after an overnight process runs
**Detail View**

- Expected effort is the greater of the committed percentage and the average payroll distribution
- 75% is expected here because the committed amount for the term is the greater of the two

Scenario

Surprisingly, a third NOA came through on 8/16/23 for Dr. Poole that is only 3 months long but has a Sponsor-accelerated start date of 9/1/23 and an end on 11/30/23. Dr. Poole committed 5% of his effort to this grant.

Unfortunately, the equipment he needs to conduct the research is broken beyond repair, and there is no cost included in the award to replace it. Additionally, the research assistant he wants to work on this project has just quit school to audition for The Voice and has moved to Los Angeles. He would have to bring on two new Grad research assistants to replace this one.

Also, he was just informed by his Chair that he’ll need to pick up another class during the fall as one of his colleagues will be out on maternity leave delivering triplets! He would be released from any service activities for fall 2023 because of picking up this additional course.
Activity Questions

• Dr. Poole's commitment is 5% direct charged. If Dr. Poole needs to hire additional staff, how does this change the commitment?
• What are ways Dr. Poole can replace his equipment?
• Would picking up a new class change his payroll distributions?

UFIRST Effort & Institutional Efforts
Division of Sponsored Programs
Ufawards@ufl.edu

Actual Effort
**Effort Certification**

- Requires the faculty member to certify their own effort and the effort of non-faculty employees who are paid from their sponsored projects.
- PIs must work closely with the Admin Team to address any errors before certification of effort can be completed.

**Meeting with Faculty**

- Review projects and courses one-by-one
- Verify employee distributions
- Review any pending actions with the PI (follow up emails, waiting on PI, RA, central, agency, subs)
- Expiring projects, inquire if the PI plans to request NCE or move employees
- Inquire about upcoming proposals or awards
**Effort Standards**

- Actual effort cannot exceed 100%
- Effort is not based on a standard (e.g., 40-hour) work week
  - Based on percentage of total time worked in a given period (Regardless of the FTE)
- Effort should be a reasonable estimate of the time worked
- If an employee is paid 100% on a sponsored project, they must only work on that project and nothing else

**Approval Path – CERT_PI**

The PI/Supervisor reviews if the information is correct. If the information is not correct, the PI must deny the report and send it back to the Effort Coordinator. The PI cannot make changes at this step.

Once certified, if there are no overrides to errors, the system will automatically finalize the report and advance it to Cost Analysis/OIPR.
Approval Path – CERT_EMPLOYEE

Effort Initiator (Cost Analysis/OIPR) releases the Effort Certification to the Department Effort Coordinator

The Employee reviews if the information is correct, makes any changes that are needed and then certifies the effort once reviewed

The Effort Coordinator reviews the individual's courses, commitments, payroll, etc. to allocate the effort to be ready to certify

If no changes are made by the employee, the system automatically finalizes the certification report!

If changes are made by the employee, the report will route back to the Effort Coordinator for finalization.
